Campers visit Leadership Sponsor Victaulic

## June 16-20, 2025 at Bethlehem Area Vocational-Technical School

### WHY SUPPORT LET'S BUILD CONSTRUCTION CAMP FOR GIRLS® ?

The construction industry suffers from workforce shortages. It is imperative for industry businesses to take a proactive role to inspire youth in our community to enter the Architecture, Engineering, Construction, and Building Product Manufacturing industry.

**Let's Build Construction Camp for Girls** is a program designed for middle school and high school age girls to attend a free week-long camp to explore architecture, engineering, and construction through hands on experiences and fieldtrips. This national award-winning camp was founded in 2017, and has hosted 100+ girls since the camp's inception.

#### CAMP OBJECTIVES

- Provide girls an opportunity to explore a career in the construction industry in a gender-neutral environment.
- Learn basic design/drafting, basic engineering, and hands on learning of the construction trades (carpentry, electrical, flooring, HVAC, masonry, painting, plumbing, roofing, siding, and more)
- Enjoy construction-related fieldtrips throughout the week.
- Develop greater self esteem by teaching skills to solve challenging projects and successfully complete them.
- Provide inspiration and mentoring for girls to understand they have a place in the construction industry, and they can become successful leaders in the future.
- Develop a stronger workforce for the future of the construction industry.

**We hope you will join with us in this positive effort to introduce girls to the world of construction by becoming a sponsor of the Let's Build Construction Camp for Girls.**

**ALL proceeds raised will help underwrite the operational costs to run the Let's Build Construction Camp for Girls and ensure that it is FREE for girls to attend.**

If you have any questions about sponsorship, Let's Build Construction Camp for Girls, then please do not hesitate to contact us at [letsbuildcamp@gmail.com](mailto:letsbuildcamp@gmail.com).

There are so many ways you can support our efforts to introduce architecture, engineering, construction, and building product manufacturing to young women.

**View the back page for the full list of opportunities for you to get involved.**

**On behalf of our campers and volunteers, thank you for considering support of our inspirational and empowering camp!**
